PROFILE

I am Niranjan C, a passionate Full Stack Developer focused on creating efficient and user-friendly web applications. My interests include Artificial Intelligence, Machine Learning, software development, and technology innovation. I enjoy building projects that solve practical problems and continuously improving my technical skills through hands-on development and learning.

PROJECTS

SMART GOV

2025 - 2026

Student Career Development Platform

- Developed a full-stack web platform for student career development and academic guidance using Python, Flask, MySQL, HTML, CSS, and JavaScript.
- Integrated a MySQL database for secure storage and management of student information.
- Designed a user-friendly system to support career resources, academic guidance, and student engagement.

INFOHUB

2026 - PRESENT

Portfolio & Project Showcase Platform

- Built a professional portfolio platform to showcase projects and technical expertise.
- Designed a modern, responsive interface focused on usability and professional presentation.
- Built a scalable platform that serves as a central hub for presenting personal and future development projects.
